Sustainment Enterprise Analytics

WHO:

Sustainment Enterprise Analytics (SEA) users

WHAT:

New SEA dashboards include Equipment Readiness (ESR), ZPARK, Total Logistics Response Time (TLRT), Turn Around Time (TAT), Manpower Reporting, APS Operational Project Stock (APS OPROJ Stock), and Equipment Comparison Tool (APS).

WHEN: 11 JULY 25

IMPACT:

Faster and more intuitive sustainment analytic tools that improve upon the legacy C@RD tools. Users can use the SEA link in the GCSS-Army portal under the "Home" tab.

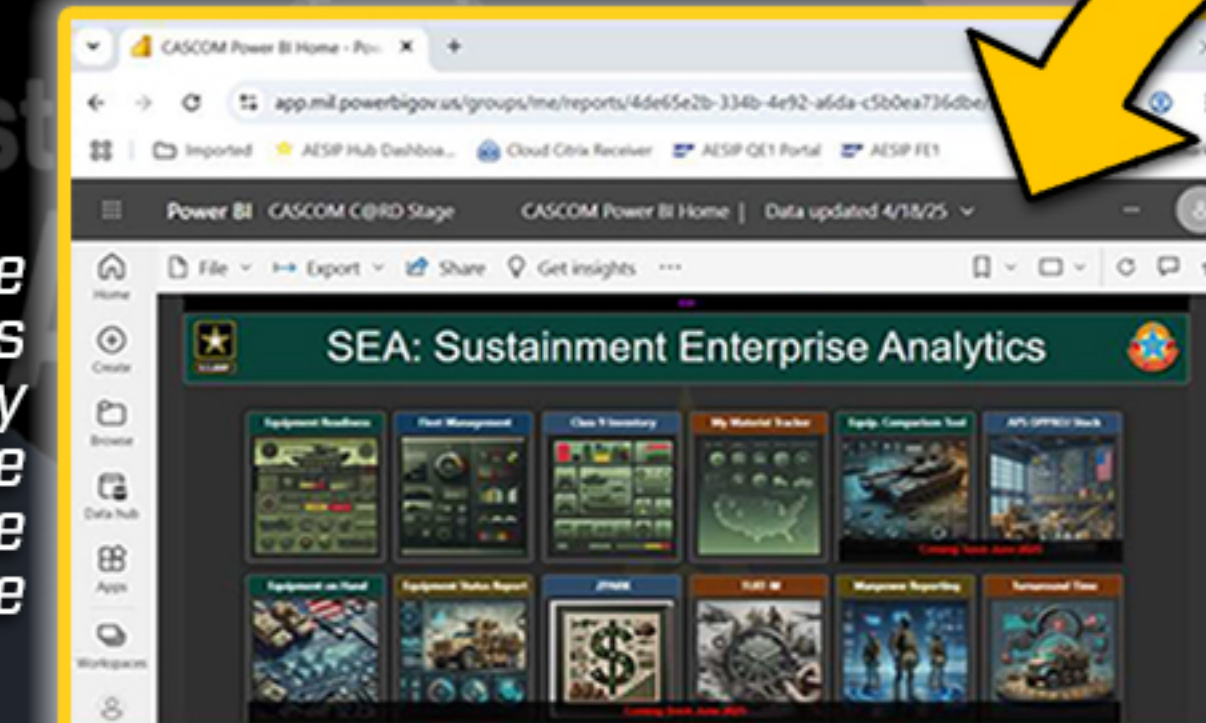

Users should start using SEA as the C@RD tool will soon be retired.

CASCOM continues modernizing GCSS-Army analytics.

A second release of SEA tools was released on **11 JULY 25**. See the new link in the GCSS-Army Portal.

TO REPORT ISSUES:

Users should contact the SEA Admin by submitting a GCSS-Army ServiceNow help ticket.

WHY IT MATTERS

- 01. Mission-Ready Talent:** Prepares Soldiers to be finance integrators who enable warfighter readiness.
- 02. Career Clarity:** Defines 'Most Qualified' and 'Highly Qualified' paths for promotion and board readiness.
- 03. Operational Insight:** Details 36B roles across echelons to ensure synchronization across formations.
- 04. Modernization Aligned:** Supports AFMS28 and the Army's Financial Management Strategy.

WHAT IT IS: The Enlisted Guide is a 72-page professional development resource for Finance & Comptroller (FM&C) Soldiers. It empowers 36B enlisted professionals with structured guidance on roles, training, expectations, and career advancement.
