

Portable Deployment Kit (PDK) III Ordering Information

NOTE:

The PDK III cannot be ordered through the normal supply system using assigned National Stock Numbers (NSN). To obtain the PDK III, units must utilize their local Contracting Support Office. The PDK III is a unit funded item with Item Standardization Code (ISC) of "L", for local purchase only. Units will procure the PDK III directly from the manufacturer through the local Contracting Support Office.

PDK III National Stock Number: 5895-01-690-7024

Funding: The PDK III is a unit-funded item that is not centrally managed or stocked and must be procured directly from the manufacturer as a local purchase item (HQDA G-4 guidance).

Procurement Contracts: Units may utilize the RFID-V W52P1J-20-D-0034 contract located on the CHES website under the Hardware tab. This contract is a de-centralized IDIQ contract, single source award to SAVI Corporation and can be accessed at the below link:

<https://chess.army.mil/Contract/Program?Name=aRFID%20V>

- PDK III with tablet and with printer (\$15,770.74) is listed at CLIN 0008AB
- PDK III orders provide a 5-year warranty based on normal usage.

Operational Usage and Restrictions: PDK III has a Microsoft Operating System combined with TIPS software to enable reading and writing Active RFID tags.

PDK III is for use in austere environments and connects directly to the RF ITV Server. This connection is through the Iridium satellite network using an Iridium modem with SIM card. Units can order and activate Iridium SIM cards direct from DISA. SIM card ordering and activation information can be found at the following DISA Website:

<https://storefront.disa.mil/kinetic/disa/service-catalog#/forms/enhanced-mobile-satellite-services>

("Order Now", and "How to Order")

This change is due to HQDA authorization limits and requirements for each unit / organization to activate service for their specific devices.

Units are strongly encouraged to register / transfer their SIM cards to their own unit / organizations DISA account to ensure uninterrupted service.

For question on the Iridium SIM card contact: CML: 1-844-DISA-HLP (1-844-347-2457), DSN: 850-0032, Email: disa.gsd@mail.mil

For additional assistance on ordering the PDK III

Call or e-mail the LIS Service Desk:

US Toll-Free or DSN: 800-877-7925
