MEMORANDUM FOR All Fort Lee Military Service Members and DoD Civilians
(Assigned and Visiting)

SUBJECT: The Fort Lee Standards Book

1. Standards and discipline are essential to success on and off the battlefield. The primary goal of the Fort Lee Standards Book is to guide and reinforce the high standards of conduct and appearance of all service members assigned to or visiting Ft. Lee. Adhering to the Ft. Lee standards builds and maintains confident leaders and affirms customs and courtesies, resulting in a highly disciplined force.
2. These standards are a small representation of Army regulatory guidance governing individual service members and civilians and highlight the standards applicable to working on or visiting Fort Lee.
3. Compliance with these standards is basic to the discipline of all our service members. It is important that everyone takes pride in themselves and the organization. We must maintain our vigilance at all times and remain "Battlefield Focused."

PERSONAL IDENTIFIABLE INFORMATION (PII)

1-29. Personal Identifiable Information is any information about an individual that identifies, links,

relates, or is unique to or describe him or her. Examples of PII are names, Social Security Numbers (full or truncated), driver's license and other government identification numbers. Social Security Numbers will not be displayed openly on any OCIE in whole or truncated. PII will be shredded in a cross shredder and not thrown into a general trash bin. For more information on PII, consult DoDD 5400.11-R.

FAMILY CARE PLANS (FCP)

1-30. IAW AR 600-20, commanders and supervisors must ensure that all paperwork and counseling are completed within 30 days for all eligible newly assigned personnel. Family Care Plans (FCPs) are critical to enhancing Service Member readiness. Commanders must review FCPs on a regular basis to ensure they remain current and comply with AR 600-20. Marines will follow Marine Corps Order (MCO) 1740.13, which mandates completion of the Family Care Plan within 60 days of arrival into command. The FCP will be validated during in-processing, annually, or when changes in Family or personal circumstances occur that resulting in a change to the dependent's eligibility.

The sponsor will initiate contact with the inbound member within 72 hours of sponsorship duty assignment. Supervisors will ensure sponsors have adequate time to conduct sponsorship duties effectively. G1 will send a copy of the Command welcome letter to all inbound Military and DOD Civilians on behalf of the Command. All sponsors will meet with the newcomer upon arrival on Fort Lee to facilitate transition and in-processing.

COUNSELING

1-32. Counseling is one of the most important responsibilities of a Military or DOD Civilian supervisor. The Army's future and the legacy of today's Leaders rest on the shoulders of those they help prepare for greater responsibility. Supervisors are required to counsel their subordinates quarterly, for exceptional and substandard performance of duty. This responsibility is to be taken seriously by all supervisors, as it is critical to the development of our Army.

PERSONAL FINANCES

1-33. All Service Members will have their pay sent directly to a financial institution for credit to their own personal account. All Service Members should create and organize their budget to live within their current income and pay their bills on time. Every Service Member and DOD Civilian must know the Government Travel Credit Card (GTCC) is for official and routine TDY. The GTCC is authorized for PCS expenses. The GTCC balance must be settled within 72 hours of return from TDY or promptly upon PCS settlement at new duty station.

CHAPTER 2 PERSONAL CONDUCT

GENERAL

2-1. Whether on or off duty, on or off-post, Service Members and DOD Civilians will conduct themselves so as not to bring discredit upon themselves, Fort Lee, or the Armed Forces. Undesirable conduct includes, but is not limited to, drunk/reckless driving, drunk or disorderly conduct, offensive language or gestures and failure to satisfy financial obligations. Tobacco and e-cigar use is prohibited in government buildings and military vehicles. Smoking is only authorized in designated areas or at least 50 feet from any building. Fort Lee and the majority of surrounding communities have rules that govern music volume. Service Members must comply with these laws.

MILITARY CUSTOMS AND COURTESIES

2-2. Courtesy among members of the Armed Forces is vital to maintain military discipline. Respect to seniors will be extended at all times. All Army personnel in uniform will salute when they meet and recognize persons entitled to the salute. Salutes will be exchanged between officers (commissioned and warrant) and enlisted personnel of the Armed Forces.

2-3. Be alert for general officer and other senior officer vehicles, which are identified with plates depicting their rank attached to the front of the vehicle. Proper military courtesy requires that you render a salute to these officers as they pass.

2-4. The first person to sight an officer who is higher in rank than the officer present in the room should call "Attention." When a senior noncommissioned officer enters a room/area, the first person to sight the senior NCO, should sound "At Ease". Examples are unit headquarters, orderly rooms, supply rooms, dayrooms, squad rooms, and hallways. The senior Service Member present in the area should then report to the visitor (example: SGT Jones, NCOIC of the motor pool, reports). In smaller rooms, containing one or two Service Members, the Service Member(s) should rise and stand at the position of attention when an officer enters the room or parade rest when an NCO enters.

2-5. In work areas such as offices, shops, hangers, and medical treatment facilities, personnel can remain working, but the senior Service Member will report to the visiting officer.

2-6. Dining Facilities: The first person sighting an officer senior in rank to the unit commander or senior to those present in the dining facility should call "At ease" so that the officer's presence is known and necessary action can be taken. Service Members should fall silent but continue to work or eat. The senior dining facility OIC or NCOIC should report to the officer.

2-7. When an officer approaches Service Members in a formation, the person in charge calls, "Attention," and renders a salute for the entire group. When an officer senior in rank approaches a group of individuals not in formation, the first person sighting the officer calls, "Attention," and everyone in the group faces the officer and renders a salute with the appropriate greeting. Service Members working as part of the detail or participating in some other group activity, such as athletics, do not salute. The person in charge, if not actively engaged, salutes for the entire detail or group of Service Members. While running in a PT formation the senior Service Member in charge of the running formation will sound off with respective "unit motto" 'Sir or Ma'am'.

REVEILLE AND RETREAT

2-8. Reveille (0530): When you are outside, in uniform, not in formation and you hear “Reveille” you should face toward the US flag. If the U.S. flag is not visible, face toward the music and assume the position of attention. Service Members will salute on the first note of music. When required, the senior Service Member should bring the formation to attention and salute. If you are in civilian attire and hear “Reveille”, you are expected to remove all headgear and place your right hand over your heart.

2-9. Retreat (1700): When you are outside, in uniform, not in formation and you hear “Retreat” you should face toward the U.S. flag. If the U.S. flag is not visible, face toward the music and assume the position of attention. Service Members will salute when “To the Colors” is played. When required, the senior Service Member should bring the formation to attention and salute. If you are in civilian attire and hear “To the Colors” or the National Anthem, you are expected to remove all headgear and place your right hand over your heart. **When indoors, not in a formation, personnel will stand at attention but will not present arms.**

2-10. **During Reveille/Retreat ALL VEHICLES on the installation will silence their radio, pull to the far right of the road, and come to a stop.** Service Members, DOD Civilians and contractors will dismount their vehicles and render the proper courtesy. Civilians may remain in their vehicle with engine turn off and radio silence.

2-11. Marines will follow P10520.3B, which requires the vehicle to stop and personnel to remain seated.

CELL PHONE AND ELECTRONIC DEVICE ETIQUETTE

2-12. Texting while driving in Virginia is prohibited by State Law (Code of Virginia 46.2-1078.1, Chapter 661). It is illegal for anyone operating a handheld personal communication device to enter manually multiple letter or text while operating a Privately Own Vehicle. The use of cellphone at the gas station while pumping fuel in any motorize vehicle or fuel container is prohibited.

2-13. Hand free devices while operating a personal, commercial, or military vehicle (to include a motorcycle or bicycle) are allowed if not otherwise prohibited by policy or law in accordance with AR 385–10.

2-14. USMC MarAdmin 065/08 states all cell phones and other electronic equipment will not be exposed while worn with Marine Corps uniforms.

SOCIAL MEDIA USE

2-15. Service Members using social media must abide by the Uniform Code of Military Justice (UCMJ) at all times. Commenting, posting or linking to material that violates the UCMJ or basic rules of Service Member conduct is prohibited. Social media provides the opportunity for Service Members to speak freely about their activities and interests but always must keep OPSEC in mind when posting. Service Members are subject to UCMJ, even when off duty, so talking negatively about supervisors or releasing sensitive information is punishable under the UCMJ. It is important that all Service Members know that when they log on to a social media platform, they still represent the Army. Content posted online is viewable by commanders, supervisors and the public, so it is the responsibility of each Service Member to make sure their comments and videos are consistent with their values and professional standards, and those of the Army and Fort Lee.

2-16. Social media outlets such as FACEBOOK, TWITTER, SNAPCHAT, INSTAGRAM, etc. can be a great way to stay connected and pass along command information. Social media can also be a tool or

threat depending on how it is used. Good or bad, a message can go viral very quickly. Below are some tips and hints to avoid compromising OPSEC and embarrassing the Army.

- Do not chat with someone unless you know him or her in real life.
- Never discuss classified information.
- Be wary of anyone you meet online, or at social network sites.
- Remain professional and avoid getting personal if you disagree with a comment.
- Disrespectful comments about the President of the United States (POTUS) and the chain of command are punishable under the Uniform Code of Military Justice (UCMJ).
- Commanders and Leaders are to reinforce a climate where current and future members of the Army team, including Soldiers and Army Civilians, understand that online misconduct is inconsistent with Army values and where online-related incidents are prevented, reported, and where necessary addressed at the lowest possible level.
- When engaging in electronic communication, members of the Army team should apply "think, type, post": "think" about the message being communicated and who could potentially view it, "type" a communication that is consistent with Army values, and "post" only those messages that demonstrate dignity and respect for self and others.
- Personnel experiencing or witnessing online misconduct should promptly report matters to the chain of command/supervision. Alternative avenues for reporting and information include Family support services, equal opportunity, equal employment opportunity, sexual harassment/assault response and prevention, the inspector general, and Army law enforcement.
- Be aware of photo/video content and how it can be taken out of context
- Watch what you say online; use common sense, share your opinion but stay in your lane.
- Only "friend" actual friends and not just anyone.
- Your comments online are forever and "on the record"
- Do not discuss deployment details.
- Commenting, posting or linking to material that violates UCMJ or basic rules of Service Member conduct is prohibited.

2-17. Listed below are some tactics, techniques, and procedures that can be used to help prevent OPSEC violations:

- Contact your Public Affairs Office if the media contacts you or you receive a request for community support for a speaking engagement or participation in an event with personnel or equipment. Per AR 360-1, Public Affairs must approve any request for community support or speaking engagement. Public Affairs is the release authority for all information given to the public whether in a presentation or posted to a Web site. Notify Public Affairs with any misconduct or situation that may garner public attention. Examples include, but are not inclusive, death of a Soldier, arrest off post, drill sergeant misconduct.

AVOID ENDORSEMENTS

2-18. In accordance with AR 360-1, Army Public Affairs and DOD Directive 1344, Service Members will not support in any capacity events involving (or appearing to involve) the promotion, endorsement or sponsorship of any individual, civilian enterprise, religious or sectarian movement, organization,

ideological movement or political campaign by appearing/attending the events in uniform and/or by use of their rank, grade or position.

ON AND OFF-DUTY CONDUCT

2-19. Civilian attire should be a matter of personal pride. Service Members should take care to ensure their clothing is clean, conservative, inoffensive and neat. When outside of a residence or barracks room, Service Members will comply with Army and installation policy.

2-20. Service Members are sworn to uphold the Constitution and serve the American people. Leaders have a right to expect that you will carry out your duties and conduct yourself properly, both on and off-duty. Civil laws pertain to all citizens, Service Members included. You must obey these laws.

2-21. Civilian clothing must be in good taste (i.e., Service Members should not go off post with their shirt off or unbuttoned down the front without a T-shirt). Wearing trousers or shorts lower than the waist so that the underwear becomes visible, sagging, is not in good taste and not acceptable for Fort Lee personnel. Items intended as undergarments are not acceptable to be worn as outer garments in public places, such as the PX, theaters, commissary, service clubs, chapels, clubs, dining facilities, and medical and dental facilities. Clothing that is excessively dirty, contains holes, is torn, or is adorned with vulgar and obscene slogans or design is prohibited on Fort Lee.

2-22. Civilian clothes that Service Members choose for off-duty wear should be in good taste and appropriate for the occasion. While excessively short shorts and halters are appropriate for sunbathing, they are not allowed in on-post facilities.

2-23. Swimwear is inappropriate beyond the confines of a swimming area and the immediate quarter's area.

2-24. Service Members will maintain a good military appearance while on leave/pass.

2-25. Male Service Members will not wear earrings while on duty; earrings are authorized on or off post or any military installation when off duty. When on any Army installation or other places under Army control, Service Members may not attach, affix, or display objects, articles, jewelry, or ornamentation too or through the skin in uniform or in Civilian clothes whether on or off duty.

2-26. Wearing a combination of civilian and military clothing is prohibited on or off the installation.

2-27. Civilian clothing is considered appropriate attire for individuals who are participating in civilian outdoor activities, such as ruck marches, orienteering, organization day or similar activities. Service Members who are spectators at these activities may wear the service uniform. However, the commander may prescribe appropriate uniforms, to include utility or organizational uniforms, if warranted by the occasion, weather conditions, or activity.

SPEED LIMITS

2-28. Unless otherwise posted, the speed limit on Fort Lee is 25 mph. Housing areas speed limit is 15 mph. Speed limits are strictly enforced when it comes to passing formations during the hours of darkness. The FL policy states during the hours of darkness, vehicles will not pass from the rear and will slow to 10mph or slower when passing from the front.

NOISE ABATEMENT

2-29. Service Members will not operate vehicles (to include motorcycles) with radios or other such sound systems at a volume that impairs the driver's ability to hear outside sounds or another vehicle's horn. Playing a radio, CD player, stereo, or any sound system too loud, in a vehicle, operating a

motorcycle, walking on the street, in the barracks, or in housing is prohibited. No audio equipment will be played loud enough to be heard more than 10 feet from closed windows or 50 feet from open windows. Fort Lee quiet hours are between 2300-0630 work nights and 0100-0800 weekends/holidays. No loud noises are permitted during this time.

TRAFFIC REGULATIONS

2-30. You must have a valid driver's license, registration, and insurance to operate a motor vehicle. A Virginia state safety inspection is required, if the vehicle is registered in VA.

2-31. The use of required restraining devices (lap belts and shoulder belts when so equipped), when riding in any vehicle, on or off duty, on or off post, is mandatory. Failure to do so violates State law and may result in a fine IAW State law. In addition, insurance may refuse to pay a settlement if you are involved in an accident and found not to be wearing a seat belt. Children under the age of four must be secured in a federally approved child safety seat. All children between the ages of four and seven must ride in either a booster seat or a car seat. Kids 4'9" or taller or those riding in vehicles with lap-only seat belts in rear seats are exempt. Troop straps will be used while transporting Service Members in tactical vehicles. All Service Members driving or riding in a tactical vehicle will wear an Advance Combat Helmet (ACH) at all times. Passengers are not allowed to ride in the back of a privately owned truck or sport utility or non-tactical military vehicle unless they wear a manufacturer installed safety belt.

2-32. Pedestrian Crosswalk: Drivers are required to stop and allow all pedestrians to traverse the crosswalk.

USE OF TOBACCO

2-33. Smoking, dipping, and chewing are prohibited in the work place (any government building), barracks, military vehicles, aircraft, or during physical training. Smoking is only authorized in designated smoking areas and is not authorized within 50 feet of any government building. Electronic cigarettes will not be used indoors, in the work place, or in any establishment on Fort Lee. The use of an electronic cigarette while walking in uniform is not authorized.

ALCOHOL USAGE AND LAWS

2-34. Service Members will not carry (on foot or in privately owned vehicles) open bottles or cans of alcoholic beverages except in areas designated for consumption of alcoholic beverages, such as picnic grounds.

2-35. Service Members will know and use the designated driver rules. In lieu of a designated driver, use public transportation such as taxis. For further guidance, contact your chain of command.

2-36. In the state of Virginia, the legal limit for driving while intoxicated is a .08% blood alcohol content (BAC).

2-37. Service Members are required to comply and conduct themselves accordingly while drinking alcohol.

2-38. Drinking on duty is not authorized without the approval of the first general officer within the chain of command.

2-39. Age requirement: In accordance with state laws, alcoholic beverages will not be sold or served to persons who have not reached the age of 21 years.

2-40. Army Service Members involved in an alcohol-related incident will be command referred to the Army Substance Abuse Program (ASAP) within 72 hours of the offense. Offenders will receive a

memorandum of reprimand from the Commanding General that may be filed in their Army Military Human Resource Record (AMHRR).

RELATIONSHIPS BETWEEN PERSONNEL OF DIFFERENT RANKS

2-41. In accordance with AR 600-20, Army Service Members of different grades must be cognizant that their interactions do not create an actual or clearly predictable perception of undue familiarity between an officer and an enlisted Army Service Member, or between an NCO and a junior-enlisted Army Service Member. Certain types of personal relationships between officers and enlisted Service Members, or NCOs and junior enlisted Army Service Members, are prohibited.

2-42. Through the Fort Lee Standards Book, the term "officer" includes both commissioned and warrant officers unless otherwise stated. The term "noncommissioned officer" refers to an NCO in the grade of corporal to command sergeant major/sergeant major. The term "junior enlisted member" refers to an Army Service Member in the grade of private to specialist (PVT-SPC).

2-43. In accordance with AR 600-20, relationships between Service Members of different rank are prohibited if they:

- Compromise, or appear to compromise, the integrity of supervisory authority or the chain of command.
- Cause actual or perceived partiality or unfairness.
- Involve, or appear to involve, the use of rank or position for personal gain.
- Are or perceived to be, exploitative or coercive in nature.
- Create an actual or clearly predictable adverse impact on discipline, authority, morale, or the ability of the command to accomplish its mission.
- Ongoing business relationships between officers and enlisted personnel, or NCOs and junior enlisted Army Service Members. This prohibition does not apply to landlord/tenant relationships or to one-time transactions such as the sale of an automobile or house, but does apply to borrowing or lending money, commercial solicitation, and any other type of ongoing financial or business relationship.
- Dating, shared living accommodations other than those directed by operational requirements, and intimate or sexual relationships between officers and enlisted personnel, or NCOs and junior enlisted Army Service Members are prohibited.

2-44. Examples of familiarity between Army Service Members that may become "undue" can include gambling between all ranks, repeated visits to bars, nightclubs, eating establishments, or homes between an officer and an enlisted Army Service Member, or an NCO and a junior-enlisted Army Service Member, except for social gatherings, that involve an entire unit, office, or work section.

CHAPTER 3 APPEARANCE OF MILITARY PERSONNEL

ARMY PERSONAL APPEARANCE

Army Service Members will present a professional image at all times and continue to set the example in military presence, both on and off duty, in accordance with AR 670-1. All other services will follow their regulations governing personal appearance. Refer to the following chapters that are service appropriate for uniform standards.

3-1. Pride in appearance includes Army Service Members' physical fitness and adherence to acceptable weight standards in accordance with AR 600-9.

HAIRCUTS, FINGERNAIL STANDARDS AND GROOMING POLICIES

3-2. The requirement for hair grooming standards is necessary to maintain uniformity within a military population. Many hairstyles are acceptable, as long as they are neat and conservative. It is the responsibility of Leaders at all levels to exercise good judgment when enforcing Army policy. All Service Members will comply with hair, fingernail, and grooming policies while in any military uniform, or in civilian clothes on duty.

3-3. Extreme, eccentric, or faddish haircuts or hairstyles are not authorized. If Service Members use dyes, tints, or bleaches, they must choose a natural hair color. Colors that detract from a professional military appearance are prohibited. Therefore, Service Members must avoid using colors that result in an extreme appearance. Applied hair colors that are prohibited include, but are not limited to, purple, blue, pink, green, orange, bright (fire-engine) red, and fluorescent or neon colors.

3-4. Service Members who have a texture of hair that does not part naturally may cut a part into the hair or style the hair with one part. The part will be one straight line, not slanted or curved, and will fall in the area where the Service Member would normally part the hair. Service Members will not shape or cut designs into their hair or scalp. Males will keep their face clean-shaven when in uniform, or in civilian clothes on duty. Mustaches are permitted. If worn, males will keep mustaches neatly trimmed, tapered, and tidy. Mustaches will not present a chopped off or bushy appearance, and no portion of the mustache will cover the upper lip line, extend sideways beyond a vertical line drawn upward from the corners of the mouth, or extend above a parallel line at the lowest portion of the. Handlebar mustaches, goatees, and beards are not authorized. If appropriate medical authority allows beard growth, the maximum length authorized for medical treatment must be specific. For example, "The length of the beard cannot exceed 1/4 inch" (see Training Bulletin Medical (TB Med) 287). Soldiers will keep the growth trimmed to the level specified by the appropriate medical authority, but are not authorized to shape the hair growth (examples include, but are not limited to goatees, "Fu Manchu," or handlebar mustaches).

MALE HAIRCUTS

3-5. The hair on top of the head must be neatly groomed. The length and bulk of the hair may not be excessive and must present a neat and conservative appearance. The hair must present a tapered appearance. A tapered appearance is one where the outline of the Service Member's hair conforms to the shape of the head, curving inward to the natural termination point at the base of the neck. Hair that is completely shaved or trimmed closely to the scalp is authorized.

3-6. Sideburns will not extend below the bottom of the opening of the ear. Sideburns will not be styled to taper, flair, or come to a point. The length of the individual hairs of the sideburn will not exceed 1/8

inch when fully extended.

FEMALE HAIRCUTS AND HAIRSTYLES

3-7. Short length. Short hair is defined as hair length that extends no more than 1 inch from the scalp. Hair may be no shorter than 1/4 inch from the scalp. Bangs, if worn, may not fall below the eyebrows.

3-8. Additional hairstyle guidelines. Faddish and exaggerated styles, to include shaved portions of the scalp other than the neckline, designs cut in the hair, unsecured ponytails (except during physical training), and unbalanced or lopsided hairstyles are prohibited.

3-9. Hair holding devices are authorized only for securing the hair. All hair holding devices must be plain and of a color as close to the Service Member's hair as is possible or clear.

3-10. Braids, cornrows, twists and locks may be worn. Hairstyle must conform to AR 670-1, Chapter 3-2.

3-11. Hair extensions are authorized. Extensions must have the same general appearance as the individual's natural hair.

3-12. Wigs, if worn in uniform or in civilian clothes on duty, must look natural and conform to this regulation. Wigs are not authorized to cover up unauthorized hairstyles.

3-13. During physical training, long length hair may be worn in a ponytail.

COSMETICS

3-14. Eccentric, exaggerated, or faddish cosmetic styles and colors, to include makeup designed to cover tattoos, are prohibited. Eyelash extensions are not authorized unless medically prescribed.

3-15. Females will not wear shades of lipstick that distinctly contrast with the natural color of their lips, that detract from the uniform, or that are faddish, eccentric, or exaggerated.

FINGERNAILS

3-16. All personnel will keep fingernails clean and neatly trimmed. Males will keep nails trimmed so they do not extend beyond the fingertip unless medically required. Males are not authorized to wear nail polish. Females will not exceed a nail length of 1/4 inch as measured from the tip of the finger.

3-17. Females may wear clear acrylic nails, provided they have a natural appearance and conform to Army standards.

HYGIENE AND BODY GROOMING

3-18. Service Members will maintain good personal hygiene and grooming on a daily basis and wear the uniform so as not to detract from their overall military appearance.

TATTOO, BRANDING, AND BODY MUTILATION

3-19. Army Service Members Tattoos or brands are prohibited from certain areas of the body. Please consult with AR 670-1, paragraph 3-3 for more detail information.

3-20. According to AR 670-1, Chapter 3, paragraph 3-3c, tattoos or brands, regardless of subject matter, are prohibited on the head, face (except for permanent makeup), wrists, hands, except one ring tattoo on each hand, below the joint of the bottom segment (portion closest to the palm of each finger). Service Members may NOT cover tattoos or brand with bandages or make up in order to comply with the tattoo policy. Please see AR 670-1, Chapter 3 for more detailed information on tattoo, branding and body mutilation.

JEWELRY

3-21. Any jewelry or monitors worn by Service Members while in uniform or in civilian clothes on duty must be conservative. Service Members are only authorized to wear one item on each wrist while in uniform, or in civilian clothes on duty. An activity tracker, pedometer, or heart rate monitor may be worn, in addition to the one item (watch or identification bracelet) authorized to be worn on each wrist.

3-22. Pens and/or pencils worn in the pen/pencil slots on the combat uniform coat may be exposed. There are no stipulations on the colors of pens and/or pencils worn in the slots on the combat uniform coat while wearing the uniform.

3-23. Attaching, affixing or displaying objects, articles, jewelry, or ornamentation to, through, or under the skin, tongue, or any other body part is prohibited. This applies to all Service Members whether on or off duty.

3-24. Females are authorized to wear earrings with the service, dress, and mess uniforms.

3-25. The use of gold caps, platinum caps, or caps of any unnatural color or texture (permanent or removable) for purposes of dental ornamentation is prohibited. Unnatural shaping of teeth for nonmedical reasons is prohibited.

WEAR OF THE ARMY UNIFORM AT NATIONAL, REGIONAL, AND LOCAL EVENTS

3-26. When Army participation in a public event has been approved, in accordance with AR 360–1, commanders are responsible for determining the appropriate uniform for the event. Generally, protocol standards dictate standards of dress. For instance, when an invitation calls for business attire, the appropriate Army uniform is the service or dress uniform. However, in some instances, the Class C uniform may be appropriate. Commanders should make use of their protocol or other appropriate Public Affairs Officers (PAO) for a decision regarding the appropriate uniform per AR 670-1, paragraph 3-5.

3-27. Commanders should use their discretion and consider the following when determining the appropriate uniform for the event:

- The nature and location of the event (for example, on or off-post).
- Whether or not the event is open to the public.
- The solemnity of the event.
- Who is being recognized at or by the event (is the event recognizing current Service Members or veterans)?
- Who is hosting the event?
- Who is attending the event?
- Whether the media will be present?
- When attire is listed as “duty uniform,” the activities undertaken drive the appropriate uniform. “Duty uniform” does not necessarily indicate Class C uniform wear. When “duty” is listed as the uniform for an event, commanders need to exercise good judgment for participants and attendees.

3-28. If an event recognizes the service and sacrifice of Service Members for named operations, then the Army combat uniform may be appropriate. If the event recognizes the shared sacrifice of our veterans on Veteran’s Day, then the service uniform is appropriate. In all cases, the Army is on display. Commanders are expected to recognize the difference and prescribe a uniform appropriate for an event.

3-29. When commanders are in doubt regarding the appropriate uniform, they should seek guidance from their higher headquarters and/or the appropriate public affairs or protocol office.

***Note: IAW AR 670-1 paragraph 3-5, the previous paraphrased paragraphs (paragraph 3-26 through para 3-30) are punitive with regard to Army Service Members. Violation by Army Service Members may result in adverse administrative actions and/or charges under the provisions of the UCMJ.**

ARMY UNIFORM APPEARANCE

3-30. Personnel on official travel and traveling by commercial means may wear the service uniform, the Army combat uniform, or appropriate civilian attire, unless restricted by the commander per AR 670-1 para 3-7.

3-31. All personnel will maintain a high standard of professional dress and appearance. Uniforms will fit properly, as described in DA Pam 670–1. Personnel must keep uniforms clean, serviceable, and roll pressed, as necessary. Service Members must project a military image that leaves no doubt that they live by a common military standard and uphold military order and discipline per AR 670-1 paragraph 3-6, 3-35. Consider the following when wearing items on uniforms:

- Keys or key chains will not be attached to the uniform on the belt, belt loops, or waistband, unless they are not visible (to include making a bulky appearance under the uniform). When authorized by the commander, Service Members may attach visible keys or key chains to the uniform when performing duties such as charge of quarters or armorer.
- Service Members may wear an electronic device on the belt, belt loops, or waistband of the uniform. Only one electronic device (for example, cell phone) may be worn. The body of the device may not exceed the size of a government-issued electronic device, and the device and carrying case must be black; no other colors are authorized. If security cords or chains are attached to the device, Service Members will conceal the cord or chain from view. Other types of electronic devices are not authorized for wear on the uniform, unless medically prescribed. If the commander issues and requires the use of other electronic devices in the performance of duties, the Service Member will carry them in the hand, pocket, briefcase, purse, bag, or some other carrying container.
- Service Members will not walk while engaged in activities that would interfere with the hand salute and greeting of the day or detract from a professional image. Examples include, but are not limited to, walking while eating/drinking, using electronic devices, or smoking cigarettes/cigars/pipes. Service Members are not authorized to wear wireless or non-wireless devices/earpieces while wearing Army uniforms. While in uniform, personnel will not place their hands in their pockets, except to place or retrieve objects. Service Members will keep uniforms buttoned, zipped, and snapped.

3-32. Lapels and sleeves of service, dress, and mess coats and jackets will be roll-pressed, without creasing. Skirts will not be creased. Trousers, slacks, and the sleeves of shirts and blouses will be creased. Service Members are not authorized to sew creases into the uniform.

3-33. Although some uniform items are made of wash-and-wear materials, or are treated with a permanent press finish, Service Members may need to press these items to maintain a neat, military appearance. However, before pressing or roll pressing uniform items, Service Members should read and comply with care instruction labels attached to the items. Use of starch, sizing, and any process that involves dry cleaning or steam pressing will adversely affect the treatments and durability of the wash-and-wear uniforms and is not authorized. See DA Pam 670–1 regarding specific guidance pertaining to each uniform.

3-34. Army Service Members will wear their headgear when pumping gas outdoors while in duty uniform.

EYEGASSES, CONTACTS, AND SUNGLASSES

3-35. Prescription eyeglasses will not be faddish or have lenses or frames with initials or other adornments on them while in any U.S. Army uniform. Eyeglasses will not be worn on the forehead or over your head.

3-36. Tinted or colored contact lenses are not authorized for wear with the uniform. The only exception is for opaque lenses that are prescribed medically for eye injuries. Additionally, clear lenses that have designs on them that change the contour of the iris are not authorized for wear with the uniform.

3-37. Sunglasses are authorized for wear when in a garrison environment, except while indoors unless prescribed by a doctor. Service Members may not wear lenses with extreme or trendy colors, which include, but are not limited to, red, yellow, blue, purple, bright green, or orange. Lens colors must be traditional gray, brown, or dark green shades. Frames must be conservative in color. Commanders may authorize sunglasses in formations or field environments, as appropriate. The only exceptions to this prohibition are issued sunglasses and protective eye wear that have the manufacturer's name/initials on them and are stamped Z87 rated (such as Oakley, Wiley-X, and ESS). Service Members will not wear lenses or frames that are so large or so small that they distract from the appearance of the uniform. Service Members will not attach chains, bands, or ribbons to sunglasses or eyeglasses, unless authorized for wear when required for safety purposes while in garrison. Conservative prescription and nonprescription sunglasses are authorized for wear in a garrison environment. Sunglasses are not authorized to be worn on the forehead or over your head.

HEARING PROTECTION

3-38. Army Service Members are required to wear fitted non-linear hearing protection in all military training/operations involving high-frequency impulse noise that can cause injury to Service Members hearing. Foam earplugs are NOT authorized for military training. Foam earplugs are only authorized for those observing training from a safe distance (minimum approximately 10 meters).

CELL PHONES AND ELECTRONIC DEVICES

3-39. Per AR 670-1, paragraph 3-6 (2) b, Army Service Members may wear an electronic device on the belt, belt loop, or waistband of the uniform. Only one electronic device (for example, cell phone) may be worn. The body of the device may not exceed the size of a Government-issued electronic device and the device and carrying case must be black; no other colors are authorized. If security cords or chains are attached, Service Members will conceal the chain or cord from view. Other types of electronic devices are not authorized for wear on the uniform, unless medically prescribed. Local and State statutes prohibit texting while driving.

BAGS

3-41. Army Service Members may use civilian backpacks or rucksacks. However, they must be black or match the camouflage pattern uniform being worn, without any visible logos. The contents of the bag may not be visible; therefore, see-through plastic or mesh bags are not authorized. Only a nametape

and rank can be placed on the bag, no other items are authorized (unit patches, special skill badges, civilian patches and U.S Flag).

HAND CARRIED BAGS

3-42. Bags will be conservative and professional in appearance. Bags (to include civilian gym bags, civilian backpacks, or other similar civilian bags) must be carried only in the hand if they do not meet the criteria outlined in shoulder bags.

FEMALE HANDBAGS

3-43. Army female Service Members may carry black handbags in the hand or over one shoulder. Service Members may not wear the shoulder bag in such a manner that the strap is draped diagonally across the body with the purse resting on the hip opposite the shoulder holding the strap.

ARMY IDENTIFICATION TAGS AND SECURITY IDENTIFICATION BADGES

3-44. Wearing identification tags is governed by AR 600–8–14.

3-45. Army Service Members will wear identification tags at all times while on duty in uniform unless otherwise directed by the commander.

3-46. Personnel will wear identification tags around the neck, except when safety considerations apply (such as during physical training, or when conducting vehicle maintenance).

3-47 Security identification badges. In restricted areas, commanders may prescribe wearing security identification badges, in accordance with AR 600–8–14 and other applicable regulations. Personnel will not wear security identification badges outside the area for which they are required.

ARMY PERSONAL PROTECTIVE OR REFLECTIVE CLOTHING

3-48. Army Service Members are authorized to wear commercially designed protective headgear while in uniform when operating motorcycles, bicycles, or other similar vehicles and are required to do so when installation regulations mandate such wear. Service Members will remove protective headgear and wear authorized Army headgear upon dismounting from the vehicle.

3-49. Service Members may wear protective and/or reflective outer garments with uniforms when required per AR 385–10, when safety considerations make it appropriate, or when authorized by the commander.

3-50. Coveralls are protective clothing and may only be worn in the respective work areas.

ARMY COMBAT UNIFORM AUTHORIZATION FOR WEAR

3-51. The combat uniform is authorized for year-round duty wear by Service Members, when prescribed by the commander.

3-52. Non-standard identification badges or gear (such as Red Cap for Riggers and ID instructor badges) are not authorized for wear off the installation.

3-53. The combat uniform (UCP/OCP/OEF-CP) is prescribed for year-round wear for all Service Members, unless otherwise directed by the commander. Personnel may not wear the combat uniform in off-post establishments that primarily sell alcohol for consumption on the premises. If the off-post establishment sells alcohol and food for consumption on the premises, Service Members may not wear the combat uniform if their activities in the establishment center on the drinking of alcohol.

3-54. Soldiers may wear the combat uniform for commercial travel per paragraph 3-7 b through c, in AR 670-1.

Metal or plastic cleats and side tabs are not authorized for wear. The boots must be between 8 to 10 inches in height and made of tan flesh-side out cattle hide leather, with a plain toe and a soling system matching the color of the tan upper materials. The soling materials will not exceed 2 inches in height, when measured from the bottom of the outsole, and will not extend up the back of the heel or boot or over the top of the toe. The exterior of the boot upper will not contain mesh but will be constructed of either all leather or a combination of leather and non-mesh fabric. The boots will not have any zippers on them.

3-58. The foliage green T-shirt is a standard 100 percent cotton shirt authorized for wear by those Service Members in jobs that have an associated flame risk or hazard. The foliage green T-shirt is required to support those individuals in MOS fields that cannot wear the light tan moisture-wicking T-shirt, to include fuel handlers and others who handle hazardous materials. This wear policy will not prevent Service Members from wearing the sand colored moisture wicking T-shirt with the Army combat uniform (UCP/OCP/OEF-CP), but it will allow those Service Members who have an associated flame risk in their job to have alternative wear when appropriate.

3-59. The UCP/OCP/OEF-CP is designed to be a loose fitting uniform and may not be altered or tailored. Trousers will be bloused, using the draw cords or blousing rubbers if trousers are not tucked into the boots.

All supervisors must make every effort to ensure their Service Members are present at physical fitness training daily. Every Service Member assigned to Fort Lee and CASCOTM must be fit to fight. Every Soldier will do physical training every duty day. The standard for every Service Member is to pass the Army Physical Fitness Test (APFT). When conducting unit runs, focus should be on team building and assessment. PT will occur from 0500-0730. Units/agencies are not authorized to conduct organized Physical Training (PT) prior to 0500 without COL (Brigade Commander/Commandant) approval (including foot marches).

Service Members conducting PT on any non-standard PT route are required to have a "Battle Buddy".

Mission requirements are priority; if Service Members are unavailable for daily morning formation, supervisors MUST ensure Service Members are allotted time to conduct physical training during the duty day. Colonels/CW5/Sergeants Major may conduct physical training on their own or with their respective company/section.

3-70. When calling cadence, the use of profanity, sexual innuendo, or language demeaning to others is prohibited. Service Members are encouraged to call cadences that promote esprit de corps.

CHAPTER 8

SAFETY AND GENERAL INFORMATION

8-1. SAFETY is every Military and DOD members' responsibility to help prevent accidents. Safe operations start with unit readiness. Readiness depends on the ability of an Army unit to perform its mission essential task list (METL) to standard.

8-2. Operations require a risk assessment in order to identify associated hazards and select control measures that mitigate the associated risk. The risk management process will be integrated into all planning phases of training. Service Members will ensure that unnecessary risk is not taken. An unnecessary risk is one which could be reduced or eliminated and still accomplish the mission.

8-3. Performing to standard is one of the key steps in preventing accidents; however, each Leader must be aware that written standards may not exist for every task. High-risk tasks must be identified and reviewed to ensure that adequate standards exist and that unnecessary risks are eliminated. It is the Leader's responsibility to ensure standards are enforced and unnecessary risks are not taken.

8-4. All Service Members, DOD Civilians and Contractors will not operate Army motor vehicles unless properly licensed. Army motor vehicle sustainment and refresher training is the key to accident prevention.

8-5. All Service Members and Leaders will ensure that vehicle operations are conducted IAW established standards, as applicable, to include use of ground guides, convoy briefings, assistant drivers, adherence to local highway rules and laws. All Service Members 25 years of age and younger will have a completed POV Inspection Form (FC2005) signed by their supervisor. For Army Service Members, one copy will be located in their glove box and an additional copy will be placed in their unit records at the company level. Marines are not required to carry it in their glove box and the form is maintained in electronic records for every Marine 25 years of age and under.

8-6. Seats belts will be worn at all times in any government motor vehicle. Equipment worn will be adjusted in order to accommodate use of the installed seatbelt system.

8-7. POV and motorcycle accidents are the number one cause of fatalities among Service Members in the Army today and as such, warrant specific attention. Seatbelts will be worn in POVs at all times, on and off post. IAW AR 385-10, Military or DOD Civilian personnel who, while operating a government motor vehicle, have been convicted of a moving traffic violation, or have been determined to be at fault in a traffic mishap must attend the Remedial Drivers Training Course or lose installation driving privileges. Commanders may refer Service Members to attend the Remedial Drivers Training Course due to high-risk driving activity.

8-8. All Service Members are responsible for knowing, understanding, and complying with the rules of the road, and operating a vehicle safely in consideration of other motorists and pedestrians.

8-9. Never allow passengers to travel in the back of privately owned trucks, sport utility vehicles or non-tactical military vehicles unless they wear a manufacturer-installed safety belt.

8-10. In accordance with AR 385-10 Progressive Motorcycle Training is mandatory for all Service Members who ride a motorcycle on or off the installation. Commanders and Leaders will identify all Service Members who ride motorcycles and track their required training, according to the primary type of motorcycle ridden.

8-11. All military motorcycle riders must complete the Basic Rider Course (BRC) prior to operating a motorcycle. The BRC is a one-time requirement.

8-12. All military motorcycle riders must complete advance motorcycle training consisting of either the experienced rider course (ERC)/BRC-2 or the Military Sport Bike Riders Course (MSRC) based on type of Motorcycle ridden. Motorcycle riders are encouraged to take advance motorcycle rider training

60 days after completing the BRC, but must complete the training within 12 months.

8-13. Motorcycle sustainment training is to continue the life-long learning process. The training is required every three years following the completion of the ERC/BRC-2 or MSRC and cannot be waived. Motorcycle riders may accomplish sustainment training off-post at their own expense.

8-14. Motorcycle refresher training (MRT) is mandatory for motorcycle riders who have been deployed for more than 180 days. The MRT will be conducted on the individual's own motorcycle to confirm their ability to handle their motorcycle safely. Training may be conducted at the unit level preferably by a motorcycle rider. The MRT guide is available from the U.S. Army Combat Readiness/Safety Center, <https://safety.Army.mil/>. Ranges are not required for this training.

8-15. Riders and passengers must wear Department of Transportation (DOT) approved protective helmets only (novelty helmets are not authorized); eye protection must meet or exceed American National Standard Institute Standard Z87.1-2003 for impact and shatter resistance including goggles, wrap around glasses, or a full-face shield. Windshield and/or eyeglasses are insufficient protection and do not meet this standard. Full-fingered gloves; long trousers; long sleeved shirt or jacket; enclosed sturdy footwear (boots or leather high top shoes recommended) that cover the ankles; and wear a reflective vest or reflective belt (on the outside of all outer garments so that it can be seen from all directions). The reflective belt will be worn over the shoulder, diagonally across the chest. A reflective vest or belt will be worn while wearing duty uniform and riding motorcycles during limited visibility. Leather coats and chaps are recommended, but must be taken off after parking motorcycle (no club affiliation patches are authorized while wearing uniform, and all manufacturer Logos must be in good taste). Ballistic glasses meeting military specification are authorized for wear while riding a motorcycle. Full-fingered gloves or mittens made from leather or other abrasion-resistant material will be worn while operating a motorcycle, moped, or ATV.

All motorcycles must be properly registered and operators properly licensed IAW state and local law and policy. IAW 385-10, all military riders, on or off post, will possess a Motorcycle Safety Foundation (MSF) or Motorcycle Defensive Driving Course (MDDC) certification card, prior to operating a motorcycle.

8-17. Helmet(s): For personnel riding motorcycles, mopeds and ATVs, helmets shall be certified to meet DOT Federal Motor Vehicle Safety Standard No. 218, United Nations Economic Commission for Europe Standard 22-05, British Standard 6658, or Snell Standard. All helmets will be properly fastened under the chin.

8-23. Commanders will identify high-risk Service Members, IAW AR 190-45.

8-24. Any change of ownership of privately owned weapons registered on the installation by Service Members or civilians will be reported to the Weapon Registration Office located at building 5228 within 96 hours. The new owner will register each weapon in their own name, IAW Fort Lee Regulation 190-2, paragraph 3-8 (if required).

8-25. Service Members are encouraged by commanders to take periodic short leaves or leave during the unit's scheduled block leave rather than save up a large number of days, which they may not be able to use all at one time. Leaves are requested in advance according to your unit SOP and are approved by commanders using DA Form 31. When you submit a request for leave, you are telling the commander that:

- You have sufficient days accrued or are asking for advanced leave.
